

RainSoft turns ordinary water into extraordinary water . . .

RainSoft Alkaline Filter

RainSoft Alkaline Filter – A Complement To Your RainSoft Reverse Osmosis Drinking Water System.

- Raises the pH of drinking water.
- Adds calcium and magnesium into the water.
- Has a naturally smooth taste and rejuvenating quality, helping to keep you fully hydrated and energized.
- Enhances the natural, delicious flavor of foods and beverages. Coffees, teas and all beverages made with filtered water will taste better, with a rich, more vibrant taste.

RainSoft Alkaline Filter

The RainSoft Alkaline Filter is used in conjunction with a RainSoft reverse osmosis drinking water system.

Your RainSoft dealer can help you select the system that best meets the needs of your family.

Benefits will be provided by various types of RainSoft equipment when installed and operated according to manufacturer's recommendations. Operational, maintenance and replacement requirements are essential for the product to perform as advertised. All claims based on best available information at time of printing. Manufacturer makes no representations as to the suitability of this equipment for a particular application. Buyer relies entirely on dealer's recommendations in the purchase of this equipment. Independent RainSoft dealers may include, together with your RainSoft product, a product or component that is not manufactured by RainSoft or their parent company, Aquion, Inc. Any non-RainSoft product may be covered by the manufacturer of that product, and is not covered by the RainSoft warranty. Aquion, Inc. does not warrant that your RainSoft product and the non-RainSoft product will perform properly when used together, and assumes no liability therefore.
